CONCURRENCE ON FINAL FIVE-YEAR REVIEW REPORT (FYR) FOR DEFENSE DISTRIBUTION DEPOT SAN JOAQUIN (DDJC) – TRACY SITE, TRACY, CALIFORNIA

Dear Mr. Cloud:

The Department of Toxic Substances Control (DTSC) received the above mentioned report on September 26, 2005. The FYR's objective is to evaluate the implementation and performance of the current remedy as it pertains to protecting human health and the environment. DTSC provided comments on the Draft FYR dated August 8, 2005 and August 12, 2005. DTSC followed up with additional comments on the Draft Final FYR related to public participation concerns on September 12, 2005. DDJC incorporated those comments in the Final FYR via slip pages submitted to DTSC on September 21, 2005. On September 21, 2005, I signed the FYR protectiveness statement to concur with the findings presented in the final version of the report. DTSC has reviewed the final slip pages for the report and consider its comments as being adequately addressed. DTSC concurs with Final FYR findings and protectiveness designation.

If you have any questions or comments regarding this letter, please feel free to contact Mr. MacNicholl, of my staff, at (916) 255-3713 or e-mail at pmacnich@dtsc.ca.gov

Sincerely,

Anthony J. Landis, P.E.
Chief
Northern California Operations
